

Sample certificates to mark pregnancy loss before 24 weeks of pregnancy

The examples that follow contain words and images that may be appropriate for parents after a pregnancy loss before the age of 24 weeks.

They are ideas only, rather than templates. We suggest that you use them to create and design your own version(s), remembering the significance they will have for parents who choose to have one.

If you use images, check that you have permission to do so without breaking copyright law. We have NOT checked the attached images.

We suggest that any such certificates are printed on hospital or Trust or surgery letter-headed paper or card.

This is to certify that

Baby's name, if given by parents, or Baby Smith

was born to

Name of mother and father (if appropriate/wanted)

on Date

at ... weeks of gestation
